Dear Sir or Madam,

We are writing on behalf of the student Biel Costa Samsó, so as you consider him to admit him in your program of Foreign Studies. Biel is currently studying the third year of Compulsory Secondary Education in our high school.

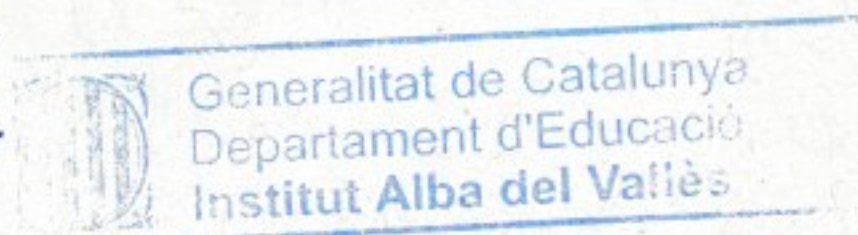

The teaching staff considers Biel an intelligent, hard-working, communicative, and motivated student. He is always ready to take part in group activities and always hands in the assignments within the deadline and accurately revised. His skills and his perseverance have led him to achieve excellent marks in most of the subjects. Moreover, Biel has a very good level of English that will allow him to adapt easily to the studies he wants to take in Ireland.

At the request of the person concerned, we certify for the record and sign this letter of recommendation. Please, do not hesitate to contact us for further information.

Yours faithfully,

3rd of Compulsory Secondary
Education Coordinator
